AN
ACCOUNT

of the Defeat of

Count Teckely,

and of his being Slain. Together with a
Total Rout, given to the

Turkish Army,

by the United Forces of the Christian Emperour and the

KING of POLAND.

Entred according to Order,

Yesterday, Letters arrived from *Germany*, all confirming in General, the great Defeat the Christian Army hath given the Turks, since their Raising the Siege from before *Vienna*: The particulars are as followeth, (*Viz.*) some of them tell us, that the *German* and *Polish* Army's, having marched about 15. *German* Miles into *Hungary*, in pursuit of the Turks that fled from *Vienna*, fell upon the Carriages, and Baggage, of the Turks; and took sixty pieces of Cannon, many of which were of an extraordinary bigness, with all necessaries belonging to them, and pursued the gros of the Turkish Army, who were with the Reinforcements they receieved from the Neighbouring Turkish Garrisons, and the fresh Succours sent from the Port;) at least 15 0000 strong, besides the Forces under the Command of Count-*Teckely*, and other Renegado's in Conjunction with them.

It so happened, that the *German* Foot quarter fell upon the *Tekelitse*, and cut most of them in pieces, few escaping the Sword; & its credibly related, that the Count was one of the many Rebels that fell in the Slaughter. A great part of his Army, fearing the success of the Christian Army, returned to

their obedience, and as an earnest of their fidelity and repentance made great Slaughter of their Infidels, &c.

Mean while the *Polish*, and *German* Horse engaged the *Turks* main Body with such fury, good Conduct, and Success, that in less than 3 hours time, the *Gross* of the *Turkish* Army was broken in pieces, and they put to the Refuge of the lightness of their Horses Heels, the *Christians* continuing to cut their many scattered parties into pieces, and possess themselves of a far greater Treasure than was taken in the *Viennean* Leagure: and several say, that the City *Buda* (which was once the Metropolis & Seat of the Kings of *Hungary*, and now in Possession of the *Turks*) is Actually besieged by the *Christians*; the *Turkish* Army being totally Routed, and will not be in any condition of giving it relief this *Winter*, and in all humane probabillity, the *Christians* may make themselves Masters of the place before the *Spring* of the Year.

His Majesty of *Poland* has sent for a Reinforcement of 30000 Horse, which are already on their March on the Frontiers of *Poland*. And the Emperour is Raising Horse and Foot in all his Hereditary Countrys, besides several of the Princes of the Empire in confederacy are doing the same: and its judged, the *Christian* Army by the next *Spring*, will be of greater Force than has been known at any time for above these hundred years past, they providing against the Effects of the *Allarm*. These great Defeats, have given to the whole Territories of the *Ottoman* Empire. It being expected the *Turks* in this next *Spring*, will come into *Christendom* with a greater Army then ever they had, since the first Errection of their Government, for that the whole Kingdom of *Hungary* at this time seems to lean towards its ancient obedience to the *Christian* Emperour: and it's hoped the *Christians* in General, will so understand their common intrest in this Juncture; as to disable the *Infidels* from banding their Force any more towards *Europe*, in this Age of the World. There never being such an Opportunity of doing it as at this present time. Which God in his Mercy grant. Is and shall be the prayers of,
